

WELCOME TO HRU 2000!

January 23, 2000

This is a special day of education for amateur radio. Many ham radio clubs and organizations in the New York City/ Long Island area have set up tables with information about their group. Please take this opportunity to learn about them - where they meet, special events, membership and services.

There are fifteen technical forums scheduled today starting at 10 am on all aspects of amateur radio. See the chart on the back for specific rooms/times. In addition, there will be an ARRL VE session given by the Great South Bay ARC at 2:30 PM today.

The committee welcomes you and hopes you enjoy Ham Radio University 2000!

73, The HRU 2000 Committee, Phil Lewis N2MUN Chairman
